

EMPOWER HER PROJECT:

**A PROJECT OF THE ORGANIZATION FOR ENVIRONMENTAL AGRICULTURE AND HEALTH
DEVELOPMENT ORGANIZATION (OEAHHD).**

we are passionately decisive in making our world better

EmpowerHER Project

The EmpowerHER Project is an extended initiative that focuses on women and complements other humanitarian programmes we embark upon.

It focuses on providing women with the necessary skills, resources, and mentorship to succeed in entrepreneurship, leadership, and various career paths. Through workshops, training programs, mentorship, and access to resources.

This project also, aims to equip women with tools needed to realize their full potential and contribute to economic growth. We believe that by investing in women's economic empowerment, we can unlock the full potential of our women and foster economic development.

According to the National Bureau of Statistics (NBS) Q1, 2023 report, 74.6 percent of Nigerian women, 15 years and above are active in the country's labour workforce. It is however worrisome that majority of these women have untapped potential that can be harnessed, to bring about increased innovation and economic growth.

This is why this project becomes extremely important as we will be working to provide solutions to and reverse the losses of women within the economic system and create a better future for Nigerian women.

The EmpowerHER Project aims to:

1. Recognize and comprehend the significance of empowering women in order to foster the progress and welfare of our economic and social structures as a whole. Grasp the approach of advocating for policies, practices, and transformations that foster gender fairness within the Nigerian workforce, guaranteeing equitable access to opportunities and resources for women.

2. Gain the ability to comprehend the methods of utilizing groundbreaking financial solutions and initiatives that enhance women's financial access, promote entrepreneurship, and foster investment in businesses led by women.

3. Have the knowledge on how to effectively support mentorship programs and leadership development initiatives that enable women to assume leadership positions across various sectors of the economy.

4. Constantly emphasize the pivotal role played by women in fostering sustainable economic development and the significance of their involvement in sectors like agriculture, technology, and renewable energy etc.

5. Develop the skill and passion to advocate cross-sectorial and regional economic development, facilitate networking, collaboration, and knowledge sharing among women hailing from various backgrounds, sectors, and regions.

6. Set quantifiable objectives and key performance indicators that can be monitored and reported on, to ensure the attainment of gender and economic fairness for Nigerian women.

Our Programmes

Under the **EmpowerHer Project**, we are dedicated to empowering Nigerian women through our **STEM** initiative. STEM, which stands for Support, Training, Enlightenment, and Mentorship, is the foundation upon which we build a brighter future for our women through:

- ✓ **Support:** cooperative formation we ensure equal opportunities, collaborative contributions, and shared responsibilities. Addressing the challenges faced in business, we offer practical solutions and assistance in establishing new ventures. Our support includes direct grants and loans, as well as connecting women entrepreneurs to financial and other vital resources for their businesses.

- ✓ **Training:** we empower women with the essential skills needed to thrive as entrepreneurs and provide vocational training. Additionally, we offer comprehensive training programs for women, covering various aspects such as financial management, effective communication, negotiation tactics, and time management, networking strategies, utilizing technology, analyzing market trends, and cultivating patience to achieve success in the business world.

- ✓ **Enlightenment:** raising awareness, organizing mobilization efforts, and running campaigns to educate them about their rights, responsibilities, and roles in society, politics, and the economy and impact them with knowledge that will enable them to enhance their lives and surroundings.
- ✓ **Mentorship:** providing them with opportunities to connect with inspiring female leaders and accomplished women from various fields. Through our one-on-one sessions, network events, talks, seminars, and workshops, we mentor these young women, helping them unlock their full potential and achieve their dreams. By connecting them with role models they can look up to, we guide them on their journey towards success.

OEAHD

- **EmpowerHER Project** is an offshoot of Organization for Environmental, Agriculture and Health Development Organization (OEAHD), which is an organization dedicated to improving the quality of life for all living beings.
- It is a group of dedicated experts who recognize the importance of helping those who are less fortunate and vulnerable in our community.
- **OEAHD** prioritizes various groups and issues, such as women, children (with a special emphasis on girls), the less fortunate in society, internally displaced persons, environmental preservation and hygiene, food security, maternal health, access to quality healthcare for the poor, rural literacy, and political and social awareness.
- The organization began providing humanitarian aid in the north-eastern region of Nigeria, but its services are not restricted to that area alone.

- The organization consists of a BOT, paid employees, and volunteers who are all Nigerian residents.

Our Vision

Strive towards a more just and caring world by placing people at the heart of mission, driving impactful change for a better tomorrow.

Our Mission

To foster a people-focused approach in creating a better world for all, particularly the less privileged.

Our Core Values

Empathy: We prioritize understanding and connecting with individuals to create meaningful change.

COLLABORATION

Collaboration: We believe in the power of working together to drive impactful results for a better future.

Innovation: We constantly seek new and creative ways to address challenges and make a positive difference in people's lives.

Integrity: We uphold honesty, transparency, and ethical behavior in all our interactions and decisions.

Inclusivity: We embrace diversity and strive to create an inclusive environment where all voices are heard and valued.

Sustainability: We are committed to creating lasting, positive change that will benefit future generations.

Passion: We are driven by a deep passion for making a difference in the world and improving the lives of others.

.

Membership of **OEAHD** is inclusive and it welcomes individuals of all races, colours, genders, social statuses, and political affiliations.
