

**ORGANISATION FOR ENVIRONMENTAL,
AGRICUTURAL AND HEALTH DEVELOPMENT.**

we are passionately decisive in making our world better

ORGANIZATIONAL PROFILE

WHO WE ARE

The Organization Environmental Agriculture and Health Development (OEAHD) is a group of individuals with similar goals, dedicated to improving the quality of life for all living beings.

It is a group of dedicated experts who recognize the importance of helping those who are less fortunate and vulnerable in our community.

We prioritize various groups and issues, such as women, children (with a special emphasis on girls), the less fortunate in society, internally displaced persons, environmental preservation and hygiene, food security, maternal health, access to quality healthcare for the poor, rural literacy, and political and social awareness.

The organization began providing humanitarian aid in the north-eastern region of Nigeria, but its services are not restricted to that area alone.

OEAHD has obtained its statutory registration from the corporate affairs commission – CAC of Nigeria. Currently, OEAHD functions within Nigeria and has regional offices located in Abuja and Gombe, Nigeria.

The organization consists of a BOT, paid employees, and volunteers who are all Nigerian residents. Membership is inclusive and welcomes individuals of all races, colours, genders, social statuses, and political affiliations.

OUR VISION

Strive towards a more just and caring world by placing people at the heart of mission, driving impactful change for a better tomorrow.

Our Mission

To foster a people-focused approach in creating a better world for all, particularly the less privileged.

Our Core Values

Empathy: We prioritize understanding and connecting with individuals to create meaningful change.

Collaboration: We believe in the power of working together to drive impactful results for a better future.

Innovation: We constantly seek new and creative ways to address challenges and make a positive difference in people's lives.

Integrity: We uphold honesty, transparency, and ethical behavior in all our interactions and decisions.

Resilience: We remain steadfast in our commitment to improving the lives of others, even in the face of obstacles.

Empowerment: We strive to empower individuals to reach their full potential and contribute to a brighter tomorrow.

Accountability: We take responsibility for our actions and outcomes, holding ourselves to the highest standards of performance.

Inclusivity: We embrace diversity and strive to create an inclusive environment where all voices are heard and valued.

Sustainability: We are committed to creating lasting, positive change that will benefit future generations.

Passion: We are driven by a deep passion for making a difference in the world and improving the lives of others.

.

WHAT WE DO

OEAHD is poised towards offering humanitarian services in the following areas:

ENVIRONMENT

Here we operate with the understanding that man was not only given ability to dominate and preserve his environment.

He was also endowed by Almighty creator to improve on his generation.

This is why OEAHD is not only about preservation of the environment, but also providing solutions to environmental issues that pose challenge life. We focus on creating enabling environment for humans, animals and plants.

We are very conscious of the depleting ozone layer and the dangers they pose to life. We ensure life on planet earth is enjoyable through these means:

- i. Ensuring environmental sanitation.
- ii. Tree planting campaigns in areas hard hit by desertification. This reduces the impact of the harsh weather on life generally around the Sahara – north eastern Nigeria.
- iii. Provision of affordable and safe water to places prone to water borne diseases and unfavourable topography.
- iv. Creating awareness on environmental hazards through an environment education scheme.

AGRICULTURE

The organisation is aware that agriculture remains the main sustenance of the economy at a time when there is a fall the crude oil price in the international market. Spurred by this fact, our organisation is out to mobilise the teaming populace towards providing food to all and sundry. Our research findings assert that sustainability of the agricultural sector could sustain the Nigerian economy without any dependence on other resources, petroleum.

This can only happen if all agricultural variables are put in place. With this consciousness, **OEAHD** focuses on these key axioms:

- i. Animal production, using scientific methods in poultry farming
- ii. The goat and sheep farming initiative
- iii. Fruit and economic tree planting scheme. This is closely tied to tree planting campaigns; Where most of the trees planted are crop trees
- iv. Food crop production project focusing on tuber and leguminous crops
- v. Vegetable garden farm scheme for widows and rehabilitated young women
- vi. Agriculture extension services

HEALTH

THE HEALTH TEAM FOCUSES ON CORE HEALTH ISSUES. LED BY A PROLIFIC MEDICAL PRACTITIONER, THE HEALTH PROJECTS ARE IN AREAS OF

- i. Maternal child mortality and immunization
- ii. Actively work towards enhancing capacity/ facilities for rural health workers towards effective service delivery. we will also strengthen existing systems, structures and professionals and build structures in areas where such are absent.
- iii. New born, child and adolescent, maternal health and nutrition,
- iv. Providing safe drinking water in rural communities
- vii. Health education to target groups
- vi. Peer and sexuality education on HIV/AIDS
- vii. Awareness on communicable diseases and common health threats
- viii. illness and infectious disease prevention mechanisms
- v.
- ix. Child and mother care project
- x. Partnership and synergies with other health agencies and organisations on contemporary health matters

DEVELOPMENT

UNDER THIS SECTION, OEAHD FOCUSES ON TWO KEY AREAS / SECTORS:

EDUCATION

- i. The IDPs and Rural literacy and numeracy projects
- ii. Academic and fees interventions for the vulnerable, the poor and the girl child
- iii. Whole staff / teacher training in areas of modern trends in school management and academic development.

Under this section, OEAHD educational professionals embark on the following core projects:

- Curriculum design and implementation
